

## ACDelco Training - Choose your Method *Instructor-Led or Online*

### What's New

ACDelco is pleased to announce the instructor-led Training Courses for 2010-2011. Again this year there will be two registration sessions (Fall and Spring). Based on the results of this year's Training Survey, the following three hands-on courses have been scheduled for the Fall of 2010.

- Body Electrical Systems – Course No. 18015.08
- Evaporative Emission Systems – Course No. 16028.08
- Charging and Starting System Diagnosis – Course No. 16029.08

These instructor-led courses will incorporate hands-on practice and recognition of vehicle component functionality and will cover diagnostics and repair procedures.

## Top Ten OnDemand Video Courses

The following are the most recent popular video training courses taken by TSS members.

## NEW 1995 & Newer AP Exhaust Catalogs

AP Exhaust announces the availability of the new 1995 & Newer AP Exhaust Catalogues (AP95N49S). This new catalogue includes many new and updated exhaust applications, presented in a new easier-to-read format. This catalog *DOES NOT* supersede the current 1985 & Newer Catalogue (#AP85N). Please note you must retain catalogue #AP85N to look up applications for year range 1985-1994.

Format changes include:

- New A-Z format blends the passenger car and truck sections together and therefore eliminates the need to determine if the vehicle is a “car” or “truck”. Table of contents have been updated to reflect these changes.
- Applications are listed in order of Make, Model, Year (highest year listed first) and then engine size. The 4, 6, 8 and 10 cylinder applications are no longer grouped together as with previous catalog versions.

Contact your local sales representative for details.

## Ackwood APC Golf Tournament

Ackwood Auto Parts of Sarnia held their first annual charity golf tournament August 15th at Sawmill Creek Golf Resort in Camlachie, ON. A cheque for \$1000.00 was donated to the Sarnia and District Humane Society. A tough group of 48 men and women ignored the heat and short shower to make the event a success. A great deal of thanks goes out to all who took part and made donations to the cause. They are too numerous to mention. The highlight of the day was a slam dunk hole in one by Bob Mcleod at hole number 5 which was also the closest to the pin hole. Ackwood Auto Parts again thanks every one involved and a special thanks to Canusa for their generosity.

## APC September Events Schedule
